

I am Melany Intag. I'm currently the 5th grade teacher at Somerset Davie. I am also the ESE Specialist/Teacher. This is my third year at Somerset. During my first year of teaching I taught third grade and last year I taught ESE exclusively.

I was born and raised in Florida. I lived in Miami until I was six when I moved to Broward County and have lived there ever since. This has given me the experience of being in the Broward County School system not only as a teacher, but as a student as well.

I graduated from FIU where I got my degree in Special Education. I later became certified in Elementary Education and I am currently taking courses to become Gifted Certified.

I have always wanted to be a teacher. I use to go to work with my mother (who is also a teacher) and watch what she would do and wish I could do it. As I got older, I use to go with her to help her students whenever I could. I love teaching and I could not imagine myself doing anything else. The difference you make in a child's life and the bond that you have with your students is truly priceless.
