

My name is Stephanie Roumain Read. I was born and I grew up in Haiti and moved to the States in 1992. I attended Barry University where I received my undergraduate degree in Pre-K primary Education. I then moved to Montreal Canada where I met my husband and completed my graduate program in ESE in 2000. I lived in Montreal for about 6 years where I taught ESE. My family and I moved to Florida in 2004. I have been teaching at Somerset Davie since then. I first taught Kindergarten for 3 years and I am presently teaching first grade.

Teaching is an amazing and very rewarding experience, especially when I see my students learning, acquiring and moving on with many skills taught throughout the year.
